BULLETIN OF UNEMPLOYMENT AND SICKNESS BENEFIT STATISTICS

JUNE, 1947.

1. GENERAL.

This summary, issued by the Commonwealth Statistician, (Dr. Roland Wilson) covers the operations of the Unemployment and Sickness Benefits Act 1944 (from 1st July, 1947, Part VII of the Social Services Consolidation Act 1947) for the month of June, 1947, and the year 1946-47.

Operations for the year ended June, 1947 will be reviewed in greater detail in a later bulletin which will be released within the next month.

The Act provides for the payment of benefit to persons whose normal earnings have been interrupted through unemployment or temporary incapacity. It also provides a third class of benefit - designated Special Benefit - which gives a measure of assistance to those persons who, on account of some special circumstances, cannot comply with the statutory requirements relating to unemployment or sickness benefit, and who are prevented from earning a livelihood and are in need.

The number of recipients of benefit do not embrace the total unemployment and sickness in the community. Unemployment or sickness of less than seven days' duration is not covered due to the provision in the Act of a "waiting period" of this length of time during which no benefit is payable. Permanent incapacity is not included as this is covered by the Invalid and Old-Age Pensions Act, (from 1st July, 1947 the Age and Invalid section of the Social Services Consolidation Act 1947). The application of a "means test" excludes another group from benefit. The inclusion of claims rejected - see Section 8 - completes the coverage of all persons applying for benefit, irrespective of whether their claims are approved or rejected.

The number of "persons on benefit" in this summary relates to principal beneficiaries who would normally be breadwinners. Dependants of such beneficiaries are not included.

The information contained in this bulletin has been compiled from data made available by the Department of Social Services. The details given in Sections 4, 6 and 7 refer to admittances and exits notified during the period shown and not to admittances and exits which actually occurred during the period.

Due to delay in the receipt of information in respect of some beneficiaries the figures are preliminary and subject to revision. This applies particularly to discontinuances and results in persons on benefit at the end of the month being overstated.

6. UNEMPLOYMENT - CLAIMS ADMITTED DURING YEAR AND PERSONS ON
BENEFIT AT END OF YEAR 1946-47.

(i) Cause of Unemployment : The following table analyses the reasons for termination of employment as stated by persons whose admission to benefit was notified during the year 1946-47, and by those who were on benefit at 28th June, 1947.

Discharges and lay-offs are separations on the initiative of the employer, the broad distinction being that a discharge is final and there is no likelihood of the person being re-engaged, at least in the near future. A lay-off is a separation of a temporary nature with the idea that the job will be available again for the employee as soon as circumstances permit. Quits are separations which take place on the initiative of the employee.
